YORK EBOR MEETING

(AUGUST 17th – 20th)

The meeting was abandoned in 2008

POSITIVES

JOHN DUNLOP runners carrying plenty of weight.....

- He already has a great record at the meeting with 8 winners from 28 runners since 2004 but by concentrating solely on his runners that carried more than 8-12 and were 14/1 or shorter in the betting you would have backed those 8 winners for just 16 bets and shown a profit of +£46 to level stakes.

The 16 horses finished: 3114125161511147

SIR MICHAEL STOUTE 4 and 5yo's.....

- Since 2004 he's had 7 winners from 27 such runners and shows a profit of +24.75pts. You would have backed at least 1 winner a year for every year since 2004.

BARRY HILLS fancied runners.....

- Since 2004 he's trained 6 winners at the meeting from 57 runners for a level stakes loss but all 6 winners came from the top 3 in the betting. By simply backing these types of Hills runners with the same jockey on board as their previous start you would have had 6 winners from 13 runners and shown a level stakes profit of +£23.50

LUCA CUMANI fancied runners over 1m4f+.....

- He's trained 5 winners from 26 runners since 2004 and all 5 have been 1st or 2nd favourite running over a distance of 1m4f to 1m7f. The 8 such horses Luca Cumani has run since 2004 have finished 12113211 and show a LSP of +£18.50

FRANKIE DETTORI riding the first or second favourite.....

- Since 2004 he's ridden 9 winners at York's Ebor meeting and all 9 came from the top 2 in the betting. They were all colts and geldings carrying 9-05 or less.

The 19 such runners finished: 1122731211316110010 and showed a LSP of +£18.12

NEGATIVES

MARK JOHNSTON horses that finished 5th or worse on their last start.
